

PROSAW

KMT 220 ODG PLC Automatic Roller Feed Bandsaw with One Way Manual Mitre

Features:

- PLC control unit
- One way manual mitre
- Robust, simple to use controls
- Inverter driven, steplessly variable blade speed
- Hydraulic vice with variable pressure
- Length incremented by encoder on idle roller (no length stop to trap material)
- Laser illumination of cutting line
- Adjustable manual top roller
- Electric swarf conveyor
- Hydromechanical band tension
- Material support conveyor with
- Adjustable vertical rollers

Capacities	90°	45°
Round	220mm	220mm
Rectangle	200 x 200mm	180 x 200mm
Supply, Motor, Speeds	3x400V, 1.5kW, 25~90mmin	
Blade Size	3000mm x 27 x 0.9mm	
Dimensions (L W H)	1950mm x 1400mm x 1200mm
