

AL500

Semi-automatic, Upstroking Circular Saw

FEATURES

- Very heavy duty
- Vibration free cutting
- Large work table
- Precise variable control of the blade feed
- Blade rises from beneath saw bed and fully retracts at end of cut
- Mitre cutting is achieved by rotating the saw bed up to 60° both left and right, with material stationary
- 2 vertical & 2 horizontal pneumatic clamps securely hold irregular shaped components
- Adjustable back fence to give increased capacity
- Cutting height set by variable control
- Mist spray lubrication with volume control
- Noise reducing, interlocked safety hood encloses cutting area
- Input & output extensions guards mounted on the hood, inhibit access to the blade
- Large door at the front of the machine for easy blade change and cleaning
- Large, removable swarf tray

Disk size	Ø 500 x Ø 30 x 4.1 mm
Motor	3 kW
Dimensions:	
width	1,005 mm
length	1,100 mm
height	1,560 mm
Total weight	500 kg
