

BS 330GA

Automatic Vice Feed Bandsaw
Complete with Bundle Clamps

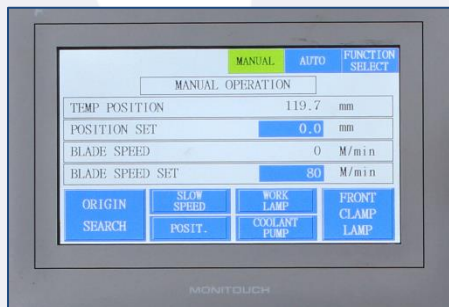

Features

- Heavy duty machine with high specification
- NC programmable touch screen controls
- Variable blade speed control via touchscreen
- Independent control for cutting rate & pressure
- Bundle clamps fitted as standard to both front and rear vice for multiple bar cutting
- Automatic multi pass to facilitate the cutting of components that are longer than the 400mm material feed stroke
- Split front vice to minimise burr by securing both sides of the material either side of the blade
- Blade monitor to automatically stop the machine in the event of a blade break/jam.
- 34mm wide blade
- Cuts solids and sections including stainless steel
- Hydraulic blade tension
- Hydraulic swarf conveyor
- Easy operation with full stroke hydraulic vices
- High accuracy on squareness and cut length repeatability
